Although the COVID-19 pandemic brought special events to an abrupt halt, the state's reopening in mid-June has made it possible for Brentwood Country Club to resume the catered experiences its members have come to know and love.

Christopher Storelli plays a large role in these events, which range from engagement parties, bridal showers and weddings to birthdays, anniversaries and bar/bat mitzvahs as well as more unique happenings such as baby naming soirees and "sip and sees" for friends and family to meet newborns. Storelli was recently promoted to food and beverage director, where he assists with all catered experiences while also serving as a liaison for the

food and beverage side of the property's on-site golf tournaments, tennis competitions and other member events.

"Brentwood Country Club has helped me facilitate a passion for helping others and making sure that each day is special for all members," he explains. "I want members to feel at home and eager to come back the next day. I strive to create an environment where all members can enjoy themselves and are able to relax and have a memorable time."

Here, we showcase a bridal shower that the catering team organized in June in the hopes that it will inspire you to trust BCC with your next special occasion.
